

Congratulatory Message

For 50 years the Faculty of Science has admirably committed itself to quality research and teaching in science and related fields. Its well-earned reputation in science education is brought through the hard work, dedication and professionalism of those outstanding scientists, teachers, students and management personnels in realizing the missions of the Faculty. The Faculty also excels in its research outputs and flourishes with many world renowned scholars while sparing no effort in making contributions to the community of Hong Kong.

On the special occasion of the Golden Jubilee celebration of your Faculty, I extend my heartfelt congratulations and my best wishes for your continued success in achieving new heights in many decades to come.

Simon C. H. Wong (Dr.)
Dean, School of Continuing Education
Hong Kong Baptist University
